

**NUSTONE PRODUCTS LTD.
COMPOSITE FENCING & DECKING LIMITED WARRANTY**

STATEMENT OF WARRANTY

Nustone Products Ltd. (Hereinafter “Nustone”) warrants to the original purchaser (“Purchaser”) that, for the period of time set forth in Table I below, when properly installed, used and maintained under normal use and service conditions and in accordance with Nustone’s installation guides, the Nustone product from Nustone or an authorised Nustone product distributor/agent/dealer/importer set forth in Table I below (the “Product”) shall perform as follows:

Physical Integrity

The Product shall be free from material defects in workmanship and materials, and shall not split, splinter, rot or suffer structural damage from termites or fungal decay.

Fade Resistance

The Product shall not experience colour fading due to exposure to light and weathering, as measured by a colour change of more than 5 Delta E (CIE) units from the original purchase date throughout the coverage term stated in Table I below.

While the Product is designed to resist fading, no material is fade proof when exposed to years of UV exposure and the elements. The Product is designed to resist fading under normal weather conditions and will not fade by more than the number of Delta E (CIE) units indicated above.

Stain Resistance

The Product shall be resistant to permanent staining resulting from spills of items that would typically be present in a residential garden or mould and mildew naturally occurring in the environment, provided that such substances are removed from the Product with soap and water within one (1) week of exposure to the surface or first appearance of the mould and mildew.

Notwithstanding the foregoing, Nustone does not warrant that the Product is stain-proof and does not warrant stain resistance resulting from spilt or otherwise applied substances which are not properly cleaned as provided above within one (1) week of exposure. In addition, materials not covered in this stain resistance section of this Limited Warranty include abrasive compounds of acidic or basic pH, paints or stains, strong solvents, metallic rust or other abnormal garden use items, and non-food and non-beverage substances, including but not limited to biocides, fungicides, plant food, bactericides, cement, concrete, mortar, stucco and coloured chalk. Mould and mildew can settle and grow on any outdoor surface, including this Product. You should periodically clean your deck to remove dirt and pollen that can feed mould and mildew. This Limited Warranty does not cover mould and mildew which is not properly cleaned as provided above within one (1) week of first appearance.

RESIDENTIAL/COMMERCIAL APPLICATION

Residential Application

For purposes of this Limited Warranty, a “residential application” shall refer to an installation of the Product on an individual residence, and a “commercial application” shall refer to any installation of the Product other than on an individual residence.

Commercial Application

Commercial application may refer to locations where the Product is installed that are (1) not occupied exclusively by a single-family homeowner, (2) used for income-producing purposes, or (3) used in a public or semi-public application, such as (but not limited to) an apartment building, house of worship, school, medical facility, senior living facility, government building, restaurant, hotel, etc.

Transferability

With respect to a residential application, this Limited Warranty may be transferred one (1) time, within the five (5) year period beginning from the date of original purchase by the Purchaser, to a subsequent buyer of the property upon which the Product was originally installed. With respect to a commercial application, this Limited Warranty is freely transferable to subsequent buyers of the property upon which the Product was originally installed.
